The President of the European Taekwondo Union (ETU) Mr Sakis Pragalos has recently mentioned the restructuring efforts of the ETU, which was one of his main targets. One of that was the creation of a Central ETU Office and he has achieved that despite the fact that the ETU was facing a financial problem. Following up of the above effects was the creation of a strong Executive Council Board with experienced people with deep knowledge of the ETU needs and problems. It must be noted that the Executive Council Board of the ETU consists by the President, the Senior Vice President, the five Vice Presidents, the Secretary General, the two Deputy Secretaries General and the Treasurer. Mr Pragalos, who has distinguished himself with great insightfulness achieved this with great success. The biggest and most important achievement by Mr Pragalos was the upgrade and stabilization of the Technical Department of the ETU, which consists by: 1) Mr Chakir Chelbat, Chairman of the Referees Committee of the ETU and of the WTF and Vice Chairman of the Technical and Development Committee of the WTF; 2) Mr Philippe Bouedo, Chairman of the Games Committee of the ETU and of the WTF and Vice Chairman of the Technical and Development Committee of the WTF; 3) Mr Angelo Cito, Chairman of the Technical Committee of the ETU and member of the Technical and Development Committee of the WTF.

The Agreement of the ETU and of the EBU
For the 2014 European Taekwondo Seniors Championships the European Taekwondo Union (ETU) and the European Broadcasting Union (EBU) signed together a historical agreement which unquestionable will promote strongly the Taekwondo of Europe.

The message of the ETU President
The message of the ETU president Mr Sakis Pragalos at the Opening Ceremony: « It is my honor to welcome you here in Baku, the capital of the Republic of Azerbaijan. These European Senior Taekwondo Championships have brought the best athletes of each European country to Azerbaijan. Here, in the beautiful city of Baku, they will compete for the highest honor! The Organizing Committee of the Azerbaijan Taekwondo Federation did an excellent job! Due to political unrest in Ukraine, the leadership of the Azerbaijan Federation decided to help ETU and organize this event. For this gesture, I am grateful. These Championships are the first European Championships in which ETU’s cooperation with the European Broadcasting Union (EBU) is effective. Together we have worked hard to make sure the finals of this event will be live broadcasted in Europe. EBU provides the live signal of each day’s final to the air. This new development means a new step in the world of Taekwondo. If we can manage to reach the public and promote our sport, I am convinced that our global sport will even rise taller. I would like to thank the Azerbaijan Taekwondo Federation and its President Mr Heydarov, the Organizing Committee, our International referees, the officials of the EBU and of all those people involved in making these Championships a huge success ».

Dr Choue for the Youth Olympic Games

For the above Olympic Games the President of the WTF Dr Chungwon Choue sent the following message to the WTF Council Members, Presidents and Secretaries General of Continental Unions, Presidents and Secretaries General of Member National Associations.

« It is my tremendous pleasure to write this letter to you after resounding success of the Nanjing 2014 Youth Olympic Games Taekwondo Competitions. Following huge success of the London 2012 Olympic Games and 2013 WTF World Taekwondo Championships, the WTF again left a huge impression in Nanjing, China.

The venue was full every day and competitions were exciting and fair. We enjoyed welcoming visitors from the IOC and the NOCs such as the IOC President Dr Bach and the Honorary IOC President Dr. Rogge, and many other IOC members. Taekwondo’s universality was clearly demonstrated again by the medal distribution with 22 NOCs sharing 40 medals.

And now, we are even more optimistic than ever that the Rio 2016 Olympic Games will prove to be an even more outstanding platform for celebrating the sport of taekwondo.

This success would have not been possible without your support and cooperation. We made it happen with the spirit of harmony and solidarity. We should be proud of what we have achieved ».
